# THE PROMISE OF EARLY CHILDHOOD DEVELOPMENT INVESTING IN THE EARLY YEARS

## Instructions/Guidelines for Poster Presentation

- ❖ The poster place provided is approximately 36 inches high x 18 inches wide. Poster presentation must fit within these dimensions.
- ❖ No computers or extra aids may be used during a poster presentation.
- ❖ Lay your poster sections in a logical order so that viewers can follow your presentation. A good method is setting up your poster in a column format.
- ❖ Keep your poster presentation to approximately 10 minutes per visitor.
- ❖ Use a type size that can be read easily from a considerable distance (3 feet or more). Try using a type between 14 – 20 pt. The title should be larger than the rest of the text. Select a legible font such as Times Roman or Times New Roman.
- ❖ Posters should stimulate discussion, not give a long presentation. Therefore, keep text to a minimum, emphasize graphics, and make sure every item in poster is necessary.
- ❖ Space information proportionally: divide your poster either horizontally or vertically into three or four sections and place your materials within those spaces. Like a layout of a magazine.
- ❖ Try not to stand directly in front of poster, allow visitors to view the entire poster.
- ❖ Hand carry poster to the meeting. Do not mail poster to the conference Secretariat.
- ❖ Come prepared with any relevant handouts if you wish to share more information.
- ❖ When choosing a background, remember that neutral or gray colors will be easier on the eyes than a bright color. In addition, color photos look best when mounted on gray.

❖ Be sure to bring pushpins or thumbtacks to mount your poster.
